

Cargest Reports

News Letter

Cargest on its Vanguard's care with many years experience in car rental sector still reading market's needs in a professional way, we closely follow trends on user's demand on this product.

We strongly believe that tourist mobility's when they are on holidays it needs all improve and extra effort that car hire companies can dedicate to be able to give the professional service need it.

Spain like the rest of the world still looks pretty far the recovery of the economy, car hire sector where before the average rental group was C +, today it is notable to see not available or sold out on the economic groups A to B.
