OUR FLEET

For 2012/13 season, there will be no major group's changes of our vehicles fleet models. The economic group will be the same known brands by our customers. Family group units will be increase, being the most popular requested by Golfers tourist group's users, for its extra room capacity to load golf clubs equipment, such as Fiat Doblo, Fiat. Shield and VW. Caddy models. The rest of the updated group's models on our fleet will continue to enjoy our clients and our own confidence, due to good service and capabilities offered. Clients have a good choice range from over 20 different models. VISIT OUR PRICING AND VEHICLES MODELS WEB PAGE.

Car Rental in greatest Tourism Industry

How world crisis can affect us...

Every year first quarter, modest Costa del Sol Car Rental companies as if it were a sacred ritual, uses their skills and experiences to explore, negotiate and decide the **Renewal** of the vehicle fleet, with the consequent progressive units increase to meet their needs for the incoming high season premiering new vehicles fleet.

Well, this ritual has become far more hesitant and uncertain within the annual administrations period of companies. Keeping and maintaining the existing fleet for a periods of an extra season or two, supporting the great prices fall forced by the users crisis and market demand. Brokers and tour operators working in unison with car rentals business, adjust rates at minimum levels to continue to meet the tourism sector needs.

It's Inevitable the proliferation of speculators and of those who seen the crisis as an opportunity to fill they pocket with unconventional dark business method, without thinking of the short-term consequences.

Beware the conditions offered by some agencies, tour operators or brokers. Behind big prices discounts and incredible cheap deals, its hidden lies on small print misleading, poorly drafted apostasy, or even blatantly absent.

- Extras unfair charges
- Hidden Extras
- Fuel Charges misleading
- Charges for absent damages

And many more, etc., Sometimes we realize a bit late the overcharges just on our holidays returned, with the consequent problems for it. Some time it is better to pay a little more to traditionally known companies than to be swayed by these dazzling offers and price reductions without sense.

HERE AT **CARGEST** WE CONTINUE WORKING FOR YOU AND YOUR INTEREST
