

# Cargest Report

We are now in the month of October and this month Cargest start its new rental system; "The Auction" On Descending bid modality.

In our august newsletter we told you about this new proposal of rental vehicles without drives, it will consist of three auction programs that Cargest will launch on its web site throughout the year, the first

*Descending bid*  
*9...8...7...6..5-stop*

Register on our web and join in the auction, register you bid, you could obtain your chosen car at a fantastic price.

our web the auction, bid, you your chosen

! "Novelty-Pioneering" changes in the concept of car rental!

*Looking for solutions in times of recession. The exciting thing is that we are completely convinced that this will be a positive step, we have modernized existing systems for commercial offers such as the auction bringing up to date a time old system to benefit the clients of today.*

**¡Novelties!**

Another new concept we will be starting by the end of the year is the Cargest Social club discount card we are creating an informative guide of associated companies, this is at the moment being digitalized.

*Discount Card*

*Cargest Social Club*

From the first of **October** we have started a new service hiring **Golf equipment**. Consult the web page for information.  
**In Cargest we play golf too!**

## Subvention of 3.000 Euros for hybrids

The Andalusian government is giving a subvention of 3000 euros for the purchase of vehicles with hybrid engines. These are more ecological in comparison to conventional engines even though they are more highly priced. This initiative from the ministry of industry, commerce

and tourism has united independent regions of Spain the first to take part are Andalusia. Aragón, Asturias, Canarias, Castilla y León, Valencia, Murcia and Basque Country. Some regions have extended this help to individuals; the town hall of Alcobendas in Madrid has since 2005 provided free parking for this type of vehicle in the normal blue parking zones and in Granada they apply a 20% discount to the vehicle tax on hybrid cars.

and tourism has united independent regions of Spain the first to take part are Andalusia. Aragón, Asturias, Canarias, Castilla y León, Valencia, Murcia and Basque Country. Some regions have extended this help to individuals; the town hall of Alcobendas in Madrid has since 2005 provided free parking for this type of vehicle in the normal blue parking zones and in Granada they apply a 20% discount to the vehicle tax on hybrid cars.

Cargest now has hybrid vehicles in its fleet available for its customers and feedback from those who have already tried them is very positive.

## ¿ Where is the cheapest place to shop in Spain?

According to the annual report made by the consumer organization 'OCU' Alcampo is the most economical Spanish supermarket this is followed by Lidl, Aldi and Carrefour. By city the most economical are Murcia, Pontevedra and Vigo. In own brands there is a marked difference in Madrid of up to 44% cheaper depending on the supermarket on the other hand named brands are offered at the lowest prices in Bilbao where there can be up to a 77% difference. Pricing wars from 2008 Until 2010 were

Beneficial to the consumer as prices held and weren't affected by the increase in VAT.

## MALAGA « AGP »

### Málaga airports second runway

Work on Malaga airports second runway is now complete. Construction started in 2007 and it was expected to be in use by the first quarter of 2012 information that has now been confirmed by Hilario López Luna, sub delegate for the Malaga government. These new installations occupy an area of nearly 2 million square meters. Security installations as Stipulated by the civil aviation organization are presently underway and the testing of the aerial navigation systems that help the approximation of the planes and landing systems.
